Thank you Lord. After a little over 2 weeks from the time Lex went through procedures (Endoscopy and Colonoscopy) then Gastro ordered a biopsy, we just got the results and it is benign. Barrett's Esophagus was also ruled out. God is good. So Lex is all healthy and well. It looks like Lex will retain his athlete level health for a long long time. He hopes to grow really old with quality of life and still healthy with a sound mind to see all our kids grow old as well.
